

NOW LAUNCHING

Mesivta Code

A brand-new school club for **coding and artificial intelligence** – build real projects, learn to program from scratch, and explore how AI tools actually work, together with friends.

mesivta-code – first-session.sh

```
student@mesivta:~/coding-club$ ./join --club "coding-and-ai"
> Loading curriculum: "Coding", "Artificial Intelligence" ...
> Status: Ready
# First session starts soon – see you there! ■
```
